**Meeting Summary and Summary of Commitments and Agreements
Unit Manager's Meeting: 200-BP-1 Operable Unit
September 28, 1994**

1. SIGNING OF THE PREVIOUS 200-BP-1 MEETING MINUTES:

Minutes from the previous meeting were reviewed and approved with no changes.

2. ACTION ITEM UPDATE: (See Attachment 4 for status)

No open action items.

3. NEW ACTION ITEMS (INITIATED September 28, 1994):

2BP1.57 Obtain firm dates from the EPA for issuing the Proposed Plan and the Record of Decision on 200-BP-1 Operable Unit. Action: Donna Wanek.

4. INFORMATION ITEMS:

- Status of Activities for 200-BP-1

Mark Buckmaster provided the update on the 200-BP-1 OU (see Attachments #3 and #5). EPA indicated that the longevity and permeability of the asphaltic layer of the RCRA Modified Barrier remains an issue and will be regulated through the Focused Feasibility Study process.

- **Modified RCRA Barrier:** Mark Buckmaster provided the status of the Modified RCRA Barrier by indicating that the Proposed Plan is at the EPA. He noted that, earlier in the week, EPA had indicated that the Record of Decision would be issued eight months after the Proposed Plan. Donna Wanek heard from Paul Beaver that December 1, 1994 will be the issue date of the Proposed Plan along with other Proposed Plans. Mark Buckmaster says that this delay poses no large cost impact, just escalations, since no contracts had been given.
- Next Meetings - The next CERCLA Unit Manager Meetings are scheduled for October 20, 1994.
